

DONATE YOUR BREAST MILK

at our Virtual Breast Milk Drive

Thursday, June 25, 2020

Sponsored by Kaiser Permanente
Redwood City & San Mateo

Are you lactating?

Do you have extra frozen breast milk you can donate?

Your breast milk benefits vulnerable babies.

If you answered YES to either question, please call 1-877-375-6645 and press 3 for donor services (or 4 for Spanish) or email: ellie.nguyen@mothersmilk.org, to start the screening process today!

You can support this Virtual Breast Milk Drive from the convenience of your home.

Steps to donate:

1. Pre-screen by phone or email*
2. Then complete and return the donor packet as soon as possible
3. Upon approval, we will contact you to provide you with a cooler and instructions on how to send your milk to Mothers' Milk Bank, located in San Jose.

Frozen and stored milk: We will accept frozen breast milk expressed prior to screening as long as it has not been frozen for longer than 6 months.

For information about Mother's Milk Bank or donating breast milk, visit: www.mothersmilk.org

*Donor exclusion: Some exclusions and temporary disqualifications include certain medications, chronic diseases and risky behaviors for communicable diseases. During the screening process, these risks are discussed & evaluated. **All donors are tested for HIV, HTLV, RPR, and Hepatitis B and Hepatitis C.**
